EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Shipley on 10/26/04.

The application has been amended as follows:

Claims 22-23 drawn to a non-elected invention have been canceled.

The advisory action of 5/25/04 should have indicated that the amendment would be entered upon filing of an appeal. Therefore, claims 12, 14, 16-21 would have been subject to appeal as inferred correctly by applicant in the appeal brief.

2. The following is an examiner's statement of reasons for allowance: upon reconsideration of applicant's arguments concerning claims 12, 14, 16-21 the examiner has determined that these claims are allowable over the art of record since none of the prior art references disclose or reasonably suggest to one of ordinary skill in the art that the combinations set forth in claims 12, 14, 16-21 would have been obvious for the reasons set forth by applicant in the brief

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
